MRS. FRANK GRAHAM DIES SATURDAY A. M.

**DEATH DUE TO EFFECTS OF IN-
FLAMMATORY RHEUMATISM
FUNERAL WEDNESDAY**

Mrs. Frank Graham, a greatly beloved character, residing three miles south of town, passed to her eternal reward early Saturday morning, following an attack of inflammatory rheumatism which affected her heart.

The first of last week, Mrs. Graham was apparently in the best of health. The first appearance of her affliction was noted in a slight pain and stiffening of her wrist. It later entered her lower limbs, and affected her to such an extent that she was compelled to retire from active house work. Later it gradually spread until her heart was affected, and the end came peacefully Saturday morning.

While comparatively young in years, Mrs. Graham could rightfully be considered one of the early settlers of this locality. She was born during the days of early pioneering in a sod shanty of the Leake homestead in East Riverside township on February 15th, 1887, being a daughter of Mr. and Mrs. S. A. Leake, and has resided in Brown County all her life. On December 30, 1906, she was married to Frank Graham, and to this union three children were born—Donald, Foster and Helen, all of whom survive.

The funeral was held at the Methodist church Wednesday afternoon, Rev. Ray conducting the service at the church, and the Rebekahs at the cemetery. The floral tributes were many and beautiful, a loving remembrance of the friends who held her dear during her brief but happy stay on this earth.
